The Schedule of the Contract is amended by adding the following new Part XIII.

"PART XIII - ADVANCED PAYMENTS

1. AMOUNT OF ADVANCE. At the request of the Contractor, and subject to the conditions hereinafter set forth, the Government shall make an advance payment to the Contractor. No advance payment shall be made (i) without the approval of the Contracting Officer as to the financial necessity therefor; (ii) in an amount which together with all advance payments theretofore made, shall exceed the amount stated in Paragraph (9) (a) below; (iii) without a properly certified invoice or invoices.

2. RETURN OF FUNDS. The Contractor may at any time repay all or any part of the funds advanced hereunder and shall at any time, if so requested in writing by the Contracting Officer, repay to the Government such part of the unliquidated balance of the advance payment as shall in the opinion of the Contracting Officer be in excess of current requirements.

3. LIQUIDATION. The advance payment made hereunder shall be liquidated in the manner set forth in Paragraph (9) (d) below and as hereinafter provided. due or which may become due to the Contractor from the Government, and, if the sum or sums due or which may become due to the Contractor from the Government are insufficient to cover such balance, the deficiency shall be paid by the Contractor to the Government upon demand.

4. LIEN ON PROPERTY UNDER CONTRACT. Any and all advance payments made under this contract shall be secured, when made, by a lien in favor of the Government, paramount to all other liens, upon the supplies or other things covered by this contract and on all material and other property acquired for or allocated to the performance of this contract, except to the extent that the Government by virtue of any other provision of this contract, or otherwise, shall have valid title to such supplies, materials, or other property as against other creditors of the Contractor. The Contractor shall identify by marking or segregation all property which is subject to a lien in favor of the Government by virtue of any provision of this contract in such a way as to indicate that it is subject to such lien and that it has been acquired for or allocated to the performance of this contract. If for any reason such supplies, materials, or other property are not identified by marking or segregation, the Government shall be deemed to have a lien to the extent of the Government's interest under this contract on any mass of property with which such supplies, materials, or other property are commingled. The Contractor shall maintain adequate accounting control over such property on its books and records. If at any time during the progress of the work on the contract it becomes necessary to deliver any item or items and materials upon which the Government has a lien as aforesaid to a third person, the Contractor shall notify such third person of the lien herein provided and shall obtain from such third person a receipt, in duplicate, acknowledging, inter alia, the existence of such lien. A copy of each receipt shall be delivered by the Contractor to the Contracting Officer. If this contract is terminated in whole or in part and the Contractor is authorized to sell or retain termination inventory acquired for or allocated to this contract, such sale or retention shall be made only if approved by the Contracting Officer, which approval shall constitute a release of the Government's lien hereunder to the extent that such termination inventory is sold or retained, and to the extent that the proceeds of the sale, or the credit allowed for such retention on the contractor's termination claim, is applied in reduction of the advance payment then outstanding hereunder.

5. INSURANCE. The Contractor represents and warrants that it is now maintaining with responsible insurance carriers, (i) insurance upon its own plant and equipment against fire and other hazards to the extent that like properties are usually insured by others operating plants and properties of similar character in the same general locality; (ii) adequate insurance

against liability on account of damage to persons or property; and (iii) adequate insurance under all applicable workmen's compensation laws. The Contractor agrees that, until work under this contract has been completed and the advance payment made hereunder has been liquidated, it will (i) maintain such insurance; (ii) maintain adequate insurance upon any materials, parts, assemblies, sub-assemblies, supplies, equipment and other property acquired for or allocable to this contract (except property to which the Government has title under any of the other provisions of this contract); and (iii) furnish such certificates with respect to its insurance as the Contracting Officer may from time to time require.

6. **DEFAULT PROVISIONS.** Upon the happening of any of the following events of default, (i) termination of this contract by reason of fault of the Contractor; (ii) failure of the Contractor to observe any of the covenants, conditions or warranties of these provisions; (iii) appointment of a trustee, receiver or liquidator for all or a substantial part of the Contractor's property, or institution of bankruptcy, liquidation proceedings by or against the Contractor; (iv) the commission of an act of bankruptcy; the Government, without limiting any rights which it may otherwise have, may, in its discretion and upon written notice to the Contractor, take any or all of the following actions as it may deem appropriate in the circumstances; (a) demand immediate repayment of the unliquidated balance of the advance payment hereunder; or (b) take possession of and, with or without advertisement, sell at public sale at which the Government may be the purchaser, or at a private sale, all or any part of the property on which the Government has a lien under this contract and, after deducting any expenses incident to such sale, apply the net proceeds of such sale in reduction of the unliquidated balance of the advance payment hereunder.

7. **PROHIBITION AGAINST ASSIGNMENT.** Notwithstanding any other provisions of this contract, the Contractor shall not transfer pledge or otherwise assign this contract, or any interest therein, or any claim arising thereunder, to any party or parties, bank, trust company or other financing institution, until the advance payment made under this contract has been fully liquidated.

8. **FINANCIAL INFORMATION.** The Contractor shall furnish to the Contracting Officer signed or certified balance sheets and profit and loss statements quarterly, or at such other intervals as may be required and such other financial information concerning the operation of the Contractor's business as may be requested. The Contractor shall afford to authorized representatives of the Government proper facilities for inspection and audit of the Contractor's financial records and accounts.
